

*44th Annual Spring Meeting
Innisbrook Resort, Tampa, FL
April 10 -16, 2011*

From arrival through departure, we make your stay stress-free. Restaurants offer a variety of memorable cuisines, along with ingredients for a casual cooking evening. Continuous onsite transportation carries you and your party to nearby beaches and destinations throughout the resort. Meetings and other special events are staged in an atmosphere that is completely captivating to all who attend. And when

all you desire is a relaxing interlude, the new Indaba Spa blends a natural setting with essential pleasures. Simply put, at the beautifully renovated and enhanced Innisbrook, we are dedicated to making certain your experience is always simple and satisfying. Whether you are here for a golf outing, a family vacation or a corporate event, we will show you why simplicity is the ultimate luxury.

The meeting at the Grand Wailea Resort in Maui, Hawaii was fantastic. The weather was perfect and the camaraderie was great as we shared dental ideas with each other throughout the week. Carol and I continue to attend USDТА meetings because we enjoy our experiences with the members of this group. The speakers talked about a wide range of topics – surgical and restorative procedures, laboratory materials and techniques, advantages of CT scan technology, and practice management. Presentations were well received as the members became engaged with the speakers and asked numerous questions. I am positive that the USDТА will return to Hawaii in the future because the venue is outstanding.

Our next USDТА meeting will be held at the Innisbrook Resort in Clearwater, Florida on April 10-16, 2011. The Clearwater (Tampa) area will provide our members with many different opportunities to have fun. Be sure to take advantage of the early registration discount. The speakers for the upcoming meeting are excellent. Lecture topics will be on treatment for sleep apnea, a new periodontal procedure called periodontally accelerated osteogenic orthodontics (PAOO), and simplified occlusal techniques.

I look forward to seeing all of you in Florida. If you have any questions concerning the upcoming meeting, please contact me or Cori Lee (our Executive Director) at www.dentaltennis.org.

See you soon,

Dr. Bob Kaspers
President, USDТА
