Sunday, April 22
Welcome Dinner

Tuesday, April 24
Mid-week cocktail party

Wednesday, April 25
Afternoon: Excursions/Free Time

Friday, April 27
Awards Dinner

The Social Program is included in registration and social fees. Tennis is included for all dental professionals signed up for the scientific program. Tennis fee is optional for spouse/guest.

Scientific Program

The scientific program will consist of 16 continuing education units for the week. All participants must be present for the entire program to receive all units. Lectures begin promptly at 7:30am with a breakfast break for the course participants.

Housing Information

West Beach 1 Bedroom Villa - \$195.00
West Beach 2 Bedroom Villa - \$245.00

Room rates are based on a single or double occupancy. Resort Service Fee - 8% per villa per day.

Check in 4:30pm - Check out 10:30am

Housing prices are good 2 days pre and post meeting dates.

Room reservations will be made through Cori Lee. Kiawah Island Resort must have our rooming list by March 16, 2012. Lodging requests after this time will be accepted on a space available basis only and at their rack rate. It is important to make reservations early as to accommodate you.

Tennis Program

Kiawah Island Tennis Resort: A Tradition of Excellence

Year after year, the tennis programs at Kiawah Island Golf & Tennis Resort, under the direction of Hall of Fame Tennis Pro Roy Barth, receive many of the sport's highest accolades, including being ranked #1 in the 2004-2005 list of "Greatest U.S. Tennis Resorts" by TENNIS magazine!

The tennis tournament will be directed by the USDTA tennis committee. NTRP ratings shall be used for rating and categorizing players. If there are any questions as to one's ability, either the facility pro or the USDTA tennis committee will rate the players (during the Sunday mixer). If there is a doubles team with the players having different ratings, then the highest rating of the two players shall be the team rating.

Dependents under 18 years of age or special guests shall not be allowed to play without special permission from the USDTA Board of Directors. **Regular play shall be scheduled Monday through Friday. Wednesday tennis will be optional, as it will be an open day.** Tentative format for the tennis program shall consist of singles, doubles and mixed doubles. The tournament committee reserves the right to change or modify the format to benefit the USDTA members. A, B and any other divisions will be decided by the tournament committee. The format will be determined on the number of entries.

To participate in the entire program consider arriving Saturday evening or early Sunday morning and departing on Saturday. Dentists will not be permitted on the tennis courts while the scientific program is in session.

About the Speakers

Topic: Connecting the "DOTS" of Digital Impressions

Speaker - William Gianni, DDS is a unique blend of clinical pioneer, technological innovator and passionate educator on numerous aspects of dentistry. He was among the first dentists to incorporate numerous technologies, materials and methods into a highly successful general practice. Dr. Gianni is a former co-founder of a laser company which was acquired by Discus Dental/Philips and he is currently the co-founder of Kainos Dental Technologies, Inc., a dental laboratory for the 21st Century. He has achieved educator and advanced proficiency status by the Academy of Laser Dentistry, and a former faculty member at the premier educational institutes of PAC-live and the Las Vegas Institute. Dr. Gianni and his technological developments have been featured on national and international media, such as "ABC World news Tonight," and "The Doctors." In addition he has published peer review articles and research reports on lasers and implants. His unique experiences have gained him the reputation of being a lifelong student and authority of information that can be trusted for reliable technologies, materials and implementation methods.

Topic: Diagnosing and Treating the Worn Dentition

Speaker - Thomas E. Dudney DMD, a 1977 graduate of the University of Alabama School of Dentistry, has maintained a patient-centered private practice in Alabaster for 26 years with focus on aesthetic and restorative dentistry. Dr. Dudney recently added a Vestavia Hills location within A Medi-Day Spa dedicated to his aesthetic practice. He has served as the Clinical Director for the Aesthetic Advantage hands-on programs taught by Dr. Larry Rosenthal at New York University, the Eastman Dental Clinic in London, and senior instructor and lecturer with Aesthetic Advantage in West Palm Beach. He is presently the Program Director for the Frontier Dental Laboratory's Northern California Institute of Cosmetic Dentistry in San Francisco. In addition to teaching and lecturing, Dr. Dudney has authored several articles on aesthetic dentistry.

Topic: Dental Transitions are Not Just for Retirement Anymore

Speaker: Renee Marks has delivered continuing education workshops as well as successfully worked inside practices with scores of dentists from coast to coast. With the unique talent and experience to guide doctors and teams in both clinical and practice management strategies, she has guided them in all phases of consulting, including successful practice transitions. Renee combines an RDH from the University of Pittsburgh; over 25 years of experience in the profession, including 10 years as a management consultant with a Masters Degree in Training from The Pennsylvania State University to ensure the changes you envision for your practice are implemented at the highest level.

Topic: Occlusion: Simplified for Everyday Dentistry, Part 2

Speaker - George Warga, DDS, George Warga graduated from the University of Illinois College of Dentistry in 1985. He is a member of the American Academy of Restorative Dentistry, American Academy of Fixed Prosthodontics, Academy of Pankey Scholars, Academy of General Dentistry, ADA, Chicago Dental Society, and Illinois State Dental Society. Recognized as a Top 40 Dentist by Chicago Magazine. George serves on the Lead Faculty at the world renowned L.D. Pankey Institute for post-graduate advanced dental education. He is an AGD accredited speaker and founder of AGD/PACE approved Lifetime Functional Restorations and Aesthetics. Lectures on and teaches comprehensive dentistry to numerous dental organizations and study clubs. He organized and founded study clubs in Chicago, Cleveland, Milwaukee, and Minneapolis. He has a private practice in Chicago's North Shore suburb of Winnetka, Illinois with an emphasis on prosthetics, implants, esthetics, and occlusal function. Some hobbies include: family, coaching, travel, golf, platform tennis, softball, skiing, basketball, tennis, fishing, camping.
